

# Ultra-Oil Mop<sup>®</sup>

**Quick Response to Small Hydrocarbon Leaks**

- Fast wicking pads are designed to soak up 25 times their weight in oil and other petroleum products, but will not soak up water.
- Polypropylene "oil only" absorbent pads are cut to fit - easily removed and replaced after they have been saturated.
- Lightweight head and pivoting handle makes clean-up quick and easy.
- Aluminum handle telescopes from 30" - 52" - provides easy reach to spills .
- Optional tray available for storage/transport.

Ultra-Oil Mop can also be used for small oil spills on water surfaces. Visit us on the web for more info.
