

Ultra Oil & Debris Blocker®

Stop Pollutants Before They Can Reach Stormwater Outflow

- Stormwater is forced to flow through bottom of unit — floating trash and hydrocarbons remain on the water's surface and *out* of the outflow.
- Installs quickly and easily in storm drain outflows.
- Low-profile allows vector trucks to clean catch basin *without* removing the unit.

U.S. Patent Pending

- Dual component, all-polyethylene unit will not rust or corrode.
- Helps comply with NPDES, 40 CFR 122.26 (1999) and TMDL requirements.

ULTRA-OIL & DEBRIS BLOCKER			
Part# 9380	8" (204 mm) Center Opening	4 1/2" X 12" X 14" (115 mm x 305 mm x 356 mm)	4 lbs. (2 kg)
Part# 9381	10" (254 mm) Right Opening	5 1/2" X 14" X 16" (140 mm x 356 mm x 407 mm)	6 lbs. (3 kg)
Part# 9382	10" (254 mm) Center Opening	5 1/2" X 14" X 16" (140 mm x 356 mm x 407 mm)	6 lbs. (3 kg)
Part# 9383	10" (254 mm) Left Opening	5 1/2" X 14" X 16" (140 mm x 356 mm x 407 mm)	6 lbs. (3 kg)
Part# 9384	12" (305 mm) Center Opening	6 1/2" X 16 3/8" X 18" (166 mm x 416 mm x 458 mm)	7 lbs. (3 kg)
Part# 9386	10" (254 mm) Adapter	9 1/2" X 10" X 12" (242 mm x 254 mm x 305 mm)	2 lbs. (1 kg)
Part# 9387	12" (305 mm) Adapter	11" X 12" X 12" (280 mm x 305 mm x 305 mm)	3 lbs. (1.5 kg)

Note: Adapter is required for any 10" and 12" Ultra-Oil & Debris Blocker installation. 8" unit is one piece.

Ultra Drain Guard Retainers®

Keep Drain Guards In Place Without The Use Of Grates

U.S. Patent Pending.

- Heavy-Duty coated steel retainers mount on inside ledge of catch basin — securing Drain Guard when grating is removed or installed.
- Two sizes of telescoping retainers adjust to fit any size storm drain.
- For use with all Drain Guards.

ULTRA-DRAIN GUARD RETAINERS	
Part# 9237	Set of two. For catch basins from 22"– 36" (559 mm x 915 mm)
Part# 9238	Set of two. For catch basins from 36"– 62" (915 mm x 1,575 mm)

Ultra Drain Markers®

- Helps inform and educate the public that most storm drains go directly into waterways untreated.
- Installs quickly and easily using permanent adhesive — cleaner and more environmentally friendly than paint and stencils.
- Designed for long life — heavy-duty plastic construction is scratch-resistant and will not rust or corrode.
- Part # 9208 includes 25 Markers and adhesive.
- Helps comply with NPDES, 40 CFR 122.26 (1999).
