

Ultra Filter Deck®

Filter Grease and Oil from Stormwater Runoff

- Heavy-duty polyethylene units are packed with oil-only absorbents below removable grating to remove oil, grease and other hydrocarbons from stormwater runoff.
- Ports are located in base of units to drain off clean stormwater.
- Absorbents are quickly and easily removed and replaced.

Tank not included. (Combination of Part# 9361 and 9362 shown.)

- Excellent for use underneath dumpsters, vehicles, outdoor machinery or equipment.
- Units can be connected together for use with larger equipment or machinery.
- All polyethylene construction will not rust or corrode.

ULTRA-FILTERDECK

Part# 9360	26"L x 26"W x 5 3/4"H	Absorbs up to 0.5 gallons
Part# 9361	52"L x 26"W x 5 3/4"H	Absorbs up to 1.0 gallons of oil
Part# 9362	52"L x 52"W x 5 3/4"H	Absorbs up to 2.0 gallons of oil
Part# 9365: Replacement Filter Media for Ultra-Filter Deck (Box of 20 pcs.). (8) pcs. required for Part# 9360, (20) pcs. for Part# 9361, (40) pcs. for Part# 9362.		

Ultra Drip Pad®

Capture Oil Leaks and Drips From Vehicles, Equipment and Machinery

- Heavy-duty, coated vinyl housing holds oil absorbent pads to catch nuisance leaks and drips.
- Pads are easily removed and replaced — built-in storage pouch on underside contains up to 5 replacement pads.
- Use under leaking and dripping vehicles, equipment, drum dispensing racks, hydraulic lines, pipe connections and fuel lines.
- Hydrophobic properties of polypropylene absorbent material sheds water, absorbs only oil.
- Part # 9390 — 23" x 21" Drip Pad (includes vinyl housing and 1 pad).
- Part # 9391 — Box of 10 replacement pads. Pads measure 19" x 17".

Corner grommets allow Ultra-Drip Pads to be fixed in place in windy conditions.
