

# Universal Funnel

- Fits 55- and 30-gallon drums – closed head or open head.
- Large 25" diameter eliminates overfills – helps keep drumtops in compliance.

Part# 0471

Part# 0476

U.S. Patent No. 5,117,878; D,317,850

ULTRA-UNIVERSAL FUNNEL	
Part# 0471: with spout	Part# 0479: no spout
Dimensions: 25"OD x 6"	
Weight: 10 lbs.	
Capacity: 6 gallons	
Options: Snap-on Cover, Part# 0476	

# Global Funnel

- Securely fits nearly every 55-gallon tighthead steel or polyethylene drum manufactured throughout the world.
- Unique bottom design fits tightly on drums with varying diameters – no more wobbles or drips!

Part# 0499

Horseshoe design feature allows installation of a PopUp Fill Gauge – allows accurate monitoring of liquid level inside the drum to prevent messy overfilling.

U.S. Patent No. 5,117,878; D,317,850

ULTRA-GLOBAL FUNNEL	
Part# 0497: with spout	Part# 0499: with hinged cover, with spout
Weight: 13 lbs. without cover	18 lbs. with cover
Capacity: 5 gallons	
Options: PopUp Fill Gauge, Part# 9985 Snap-on Cover, Part# 0498	

# OpenHead Funnel

**NEW!**

- All polyethylene funnel can be used on 55-gallon open-head steel or poly drums.
- Replaces drum lid allowing convenient drum access for pouring, collecting rags, soiled absorbents, etc.
- Molded base fits securely onto drum — thumb screws quickly tighten for added security.
- Hinged cover is lockable.

ULTRA-OPENHEAD FUNNEL	
Part# 0460	For drums 22 1/4" – 23 1/2" dia.
Dimensions: 24 1/2" dia. x 11"	Weight: 13 lbs.
Optional Parts Screen — Part# 0305	

U.S. Patent Pending

# Ultra Drum Pump Adapter

- Nuisance pump drips and overfills flow back into drum without removing funnel.

- Filter screen keeps debris and particles from entering drum.
- Pump adapter fits 2" drum bungs and pumps up to 1 5/8" diameter (pump not included).
- Use with Bung Access Funnel, Part# 0488 (see page 44 for specifications). Funnel must be purchased separately.

ULTRA-DRUMPUMP ADAPTER		
Part# 0445	Weight: 2 lbs.	Construction: Brass
