

# Ultra-Dispenser

## Assembly Instructions

Tools required (included):

- 7/16" wrench
- 5/32" allen wrench

1. Refer to contents list below to confirm that all parts have been included. Please notify your UltraTech distributor or customer service at 800-353-1611 if any parts are missing.

- A. Red container body
- B. Top handle section
- C. Bottom handle with wheels section
- D. Front legs section
- E. 1 3/8" bolts (Qty. 8)
- F. 7/16" lock nuts (Qty. 8)
- G. Plastic dispensing cup
- H. Assembly instructions
- I. Other contents may include optional attachments/ accessories, if ordered.

2. Remove protective sleeves from sections provided.

3. Remove contents from inside of container.

4. Slide Top handle (B) into Bottom handle with wheels (C) so that the handle bend is over the wheels (see photo - right). Note: handles are designed to fit tightly. Once you have both ends of handles engaged, it may require lifting and impacting on the ground in order to fit both pieces together completely. Insert handles evenly to avoid misalignment.

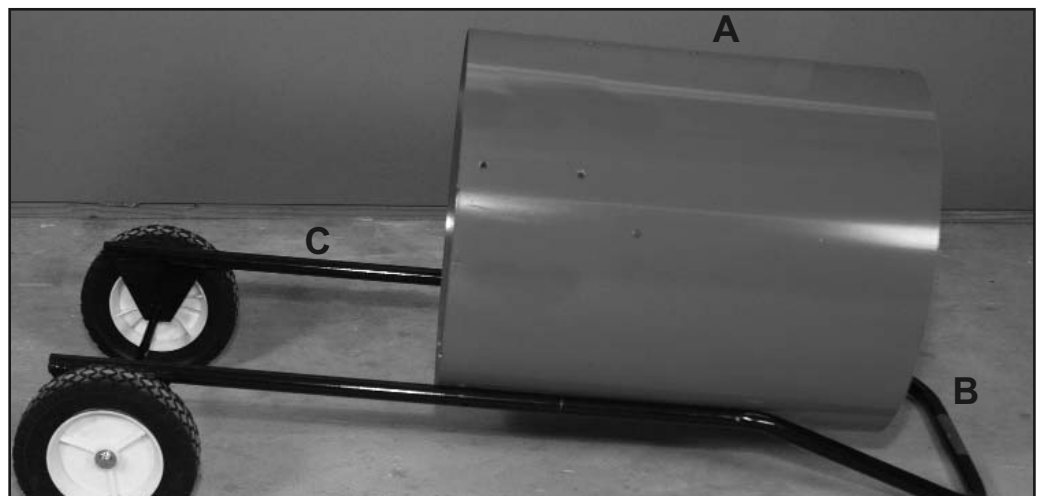

**Step 4**

5. Remove labels from Handles

6. Lay assembled Handles on floor

7. Using four (4) nuts and bolts, attach Red container body (A) to assembled Handles. Tighten with wrenches.

**Steps 6-7**

8. Using four (4) nuts and bolts, attach Front legs section (D) to **inside** of Red holding tank (A). Tighten with wrenches.

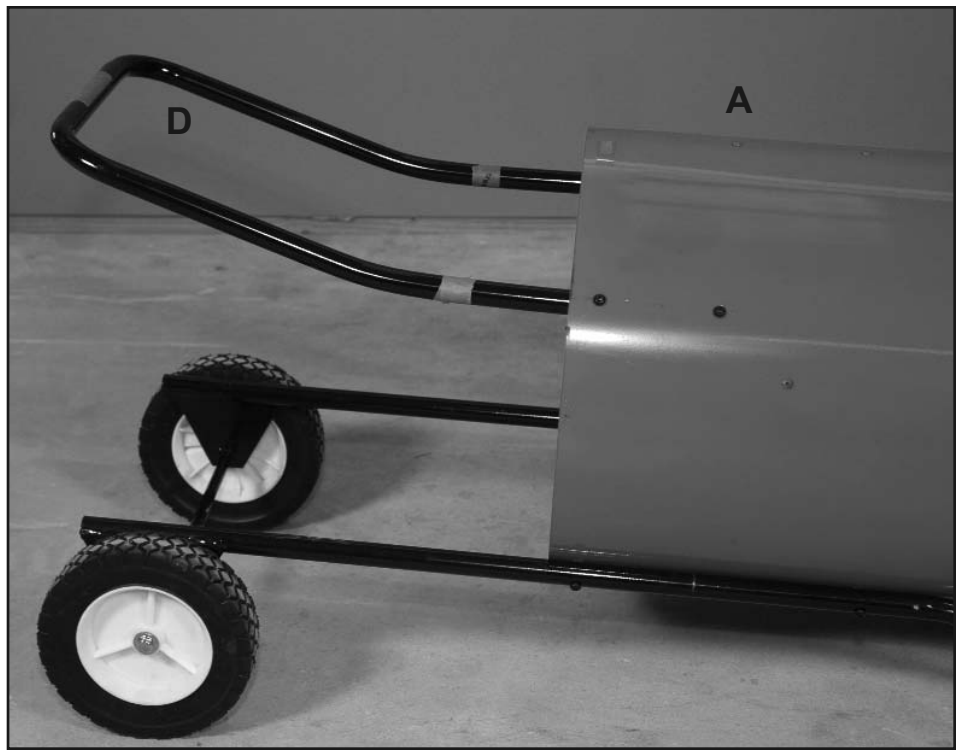

9. Stand unit upright.

10. Fill with desired absorbent, salt, etc.

11. Place lid on top and turn to secure.

12. Your Ultra-Dispenser is now ready for use.

**NOTE:** If you've ordered your Ultra-Dispenser with any optional accessories. Please refer to the separate assembly instructions that are included with each accessory.
